

Silver Arts Award Logbook

Congratulations on starting your Silver Arts Award journey!

If you're taking your Arts Award with Crafts Council, that means you'll be focussing on artforms that challenge your making skills and work with materials and tools you might not have tried before.

Use this journal to record your own learning, plan, and reflect.

Draw, write, collage, stick, stitch...this is your sketchbook to experiment with!

Remember, you can reach your Arts Award adviser via the email address they've provided for advice, and you can find out about how Crafts Council can help you explore the world of craft and making by reading our Arts Award resource:

www.craftscouncil.org.uk/what-we-do/artsaward

About you...

What are your expectations for Silver Arts Award?

What new creative techniques would you like to learn?

What are some other skills you would like to develop?

What's something you're really passionate about?

Arts Challenge...

Chosen artform:

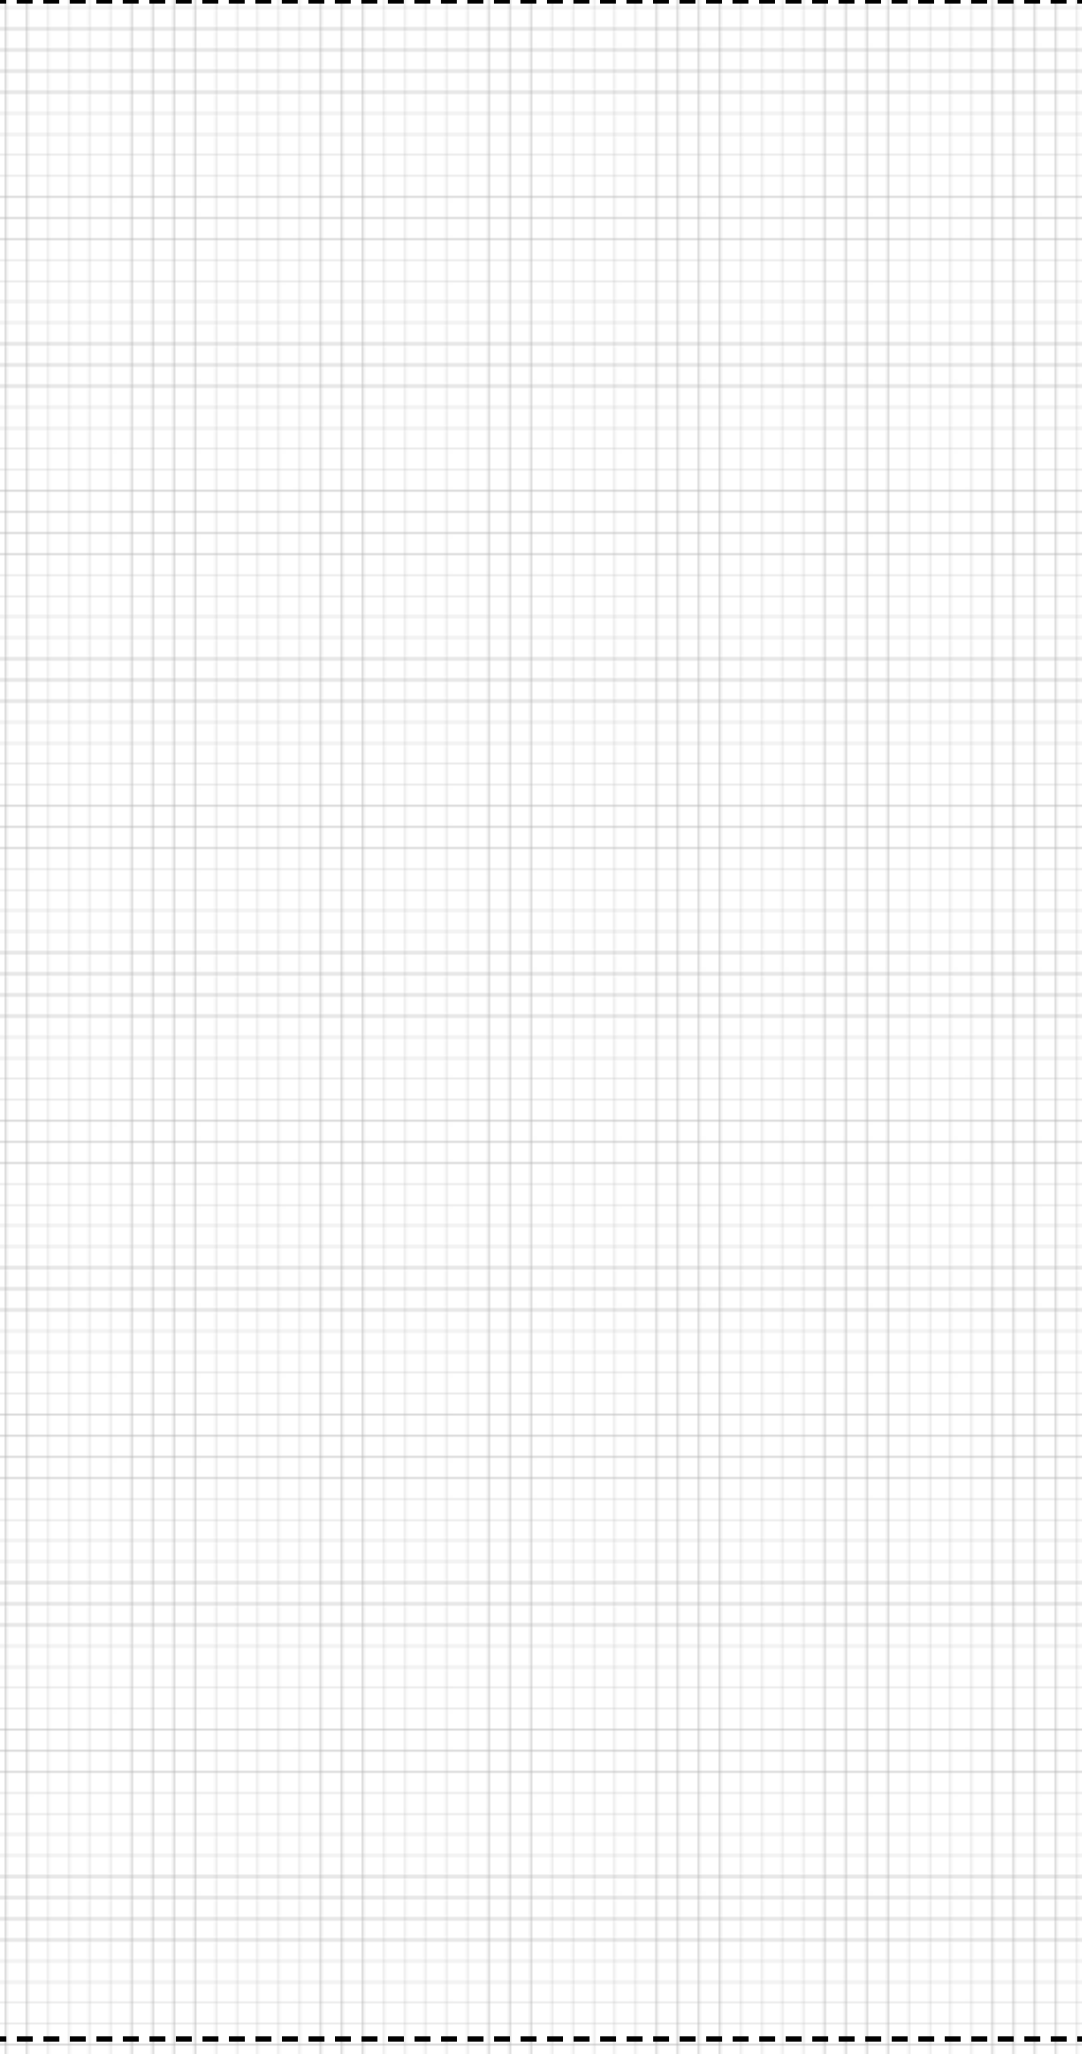

What do you think are your strengths in that artform?

What would you like to get better at?

What goal will you set yourself?

Planning your challenge...

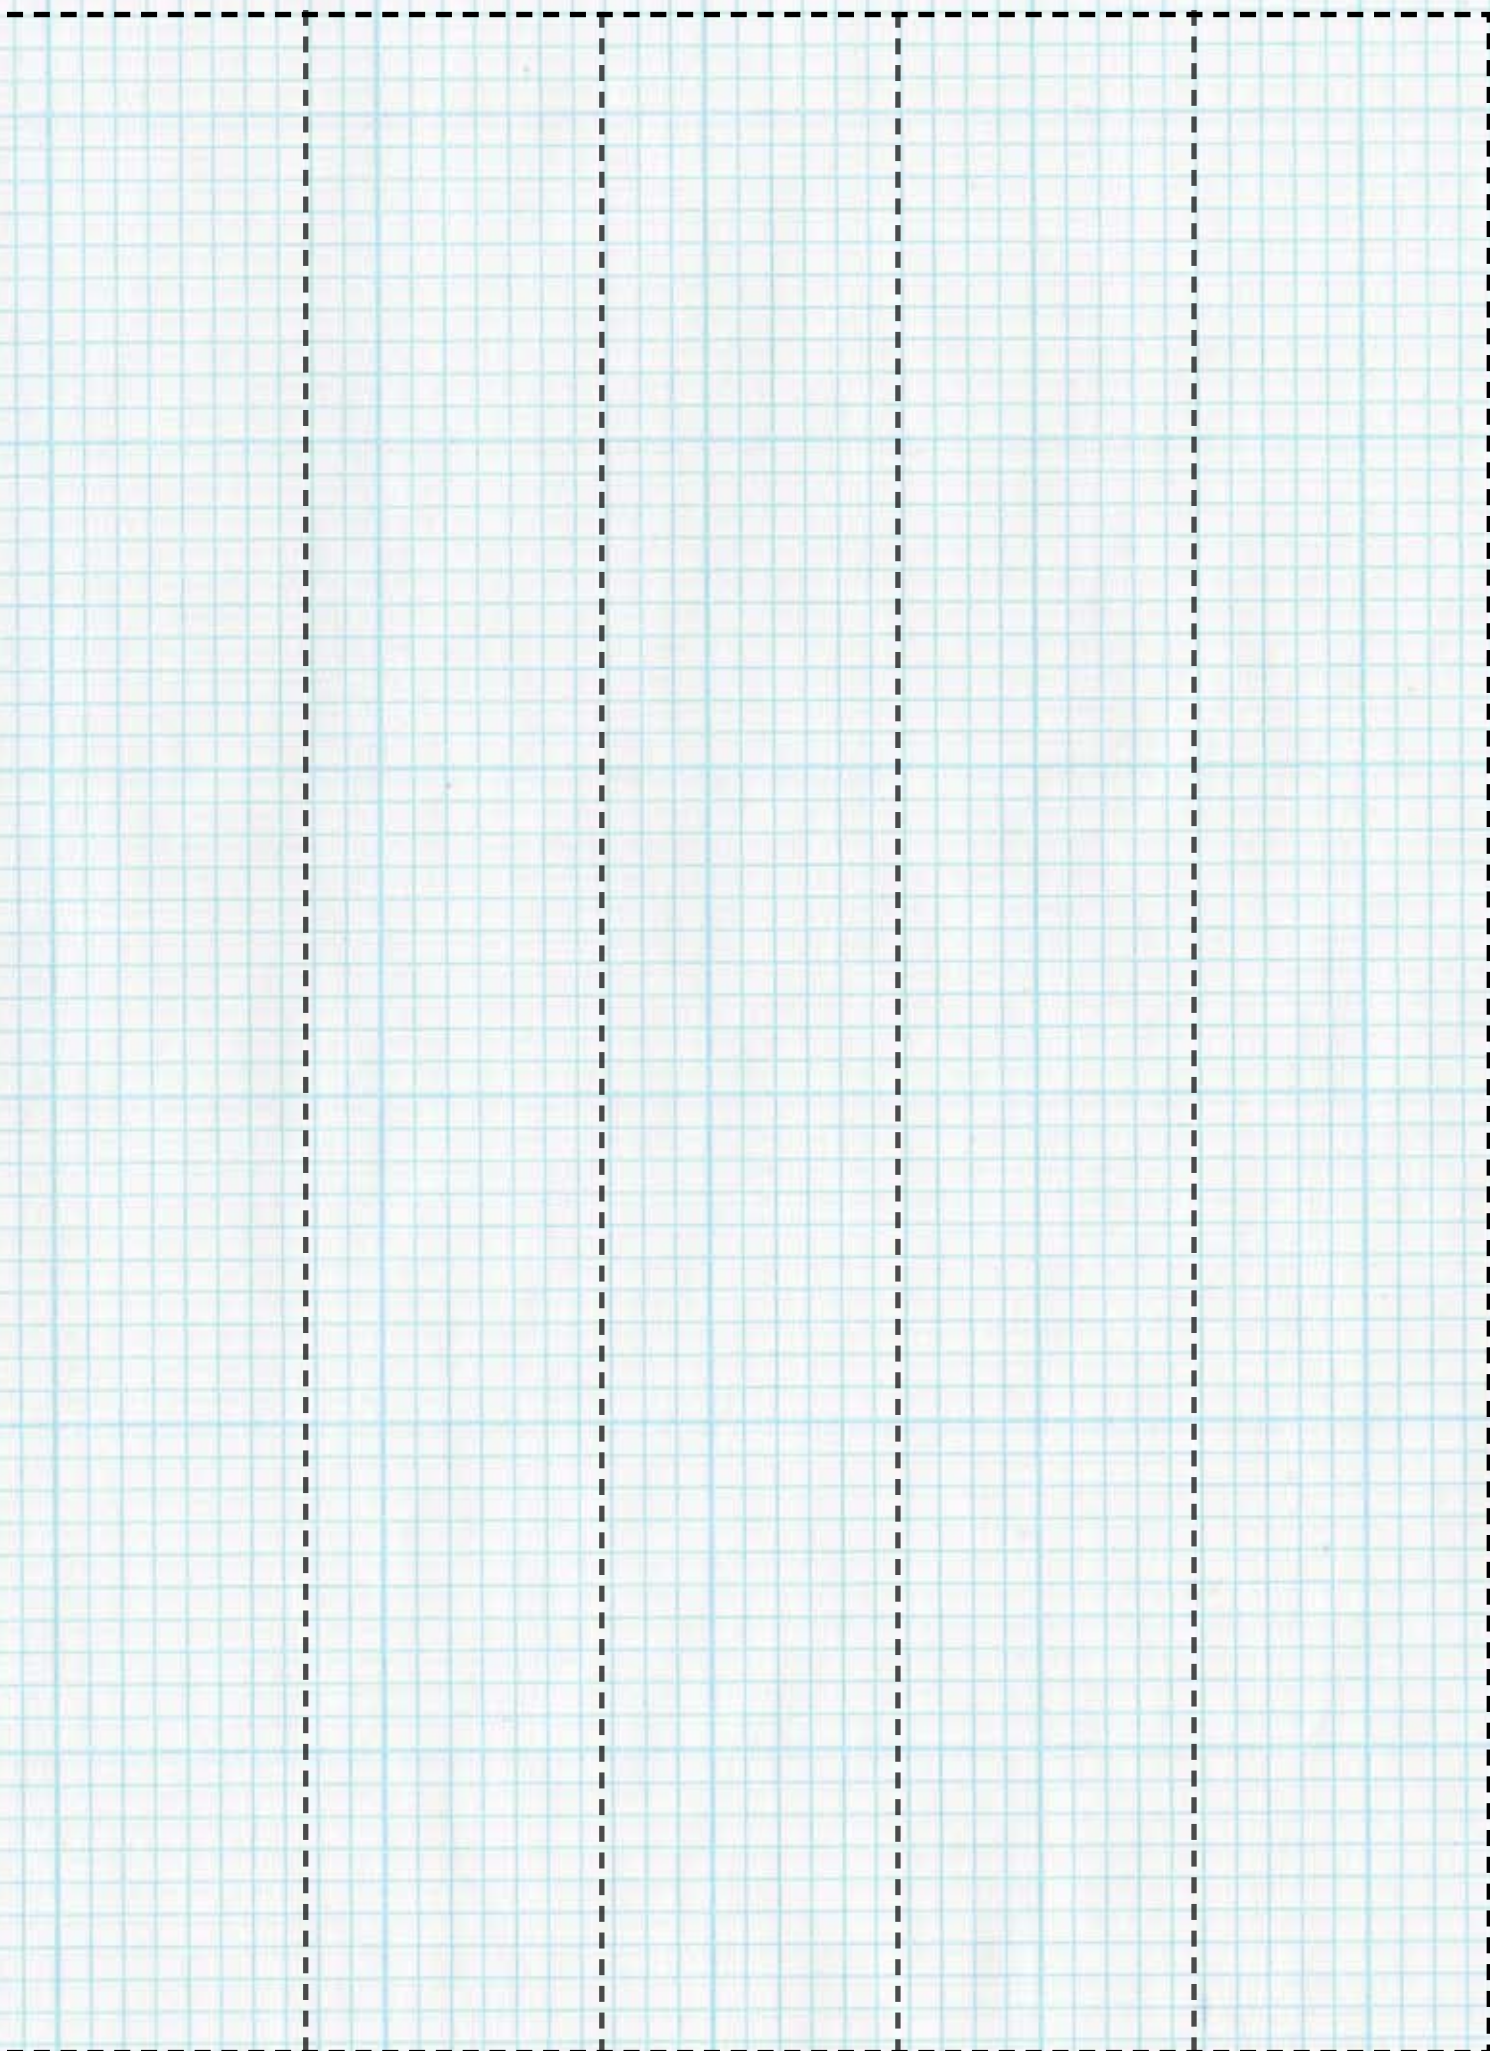

You can use this chart to plan the steps needed to complete your challenge:

Action Step:	Date to complete
	

Activity log

Use this chart to record your progress through the challenge:

[illegible]

Record your learning:

Use this space to record the new skills and processes you're learning.

Add photos, links to
recordings and blog posts
screenshots of videos etc

Tools and Equipment:

What tools and equipment are you using?

Technical Difficulties!

Challenges	Solutions

Techniques and processes

What new techniques are you learning?

Glossary of technical terms:

How did it go?

Use this space to gather feedback and organise your thoughts for your challenge review...

What went well?

What could you improve next time?

Other people's feedback

What did others think of your progress on the challenge?

Final Review

Use this space to present your final review of your Arts Challenge. If you have used another medium to present your review, you can provide links, screenshots and photos as evidence for this

Review Arts Events...

Use this space to stick evidence of arts events that you've been to (tickets, photos etc) and make notes for your review

What creative impact did the event have?

What artistic decisions do you think the person who created the piece of art made?

How are you going to
share your review of the arts
event with others?

Arts pathways...

Use this space to record information and thoughts about your meeting with an arts practitioner

Who would you like to meet?

What would you like to ask them?

All about _____

Use this page to record information and evidence about your arts practitioner's career and work

Pathways in _____

Use this page to record what you've found out about careers and opportunities in your chosen artform

The Future

Use this page to map out where you'd like to take your newfound skills and knowledge. Do you see yourself having a career in your chosen art form? Or do you want to try something new?

Arts Leadership

Use this page to record your thoughts on what qualities and skills you need to have or develop for your leadership role

Your leadership role

Aims of your project

Your team members

Planning your project...

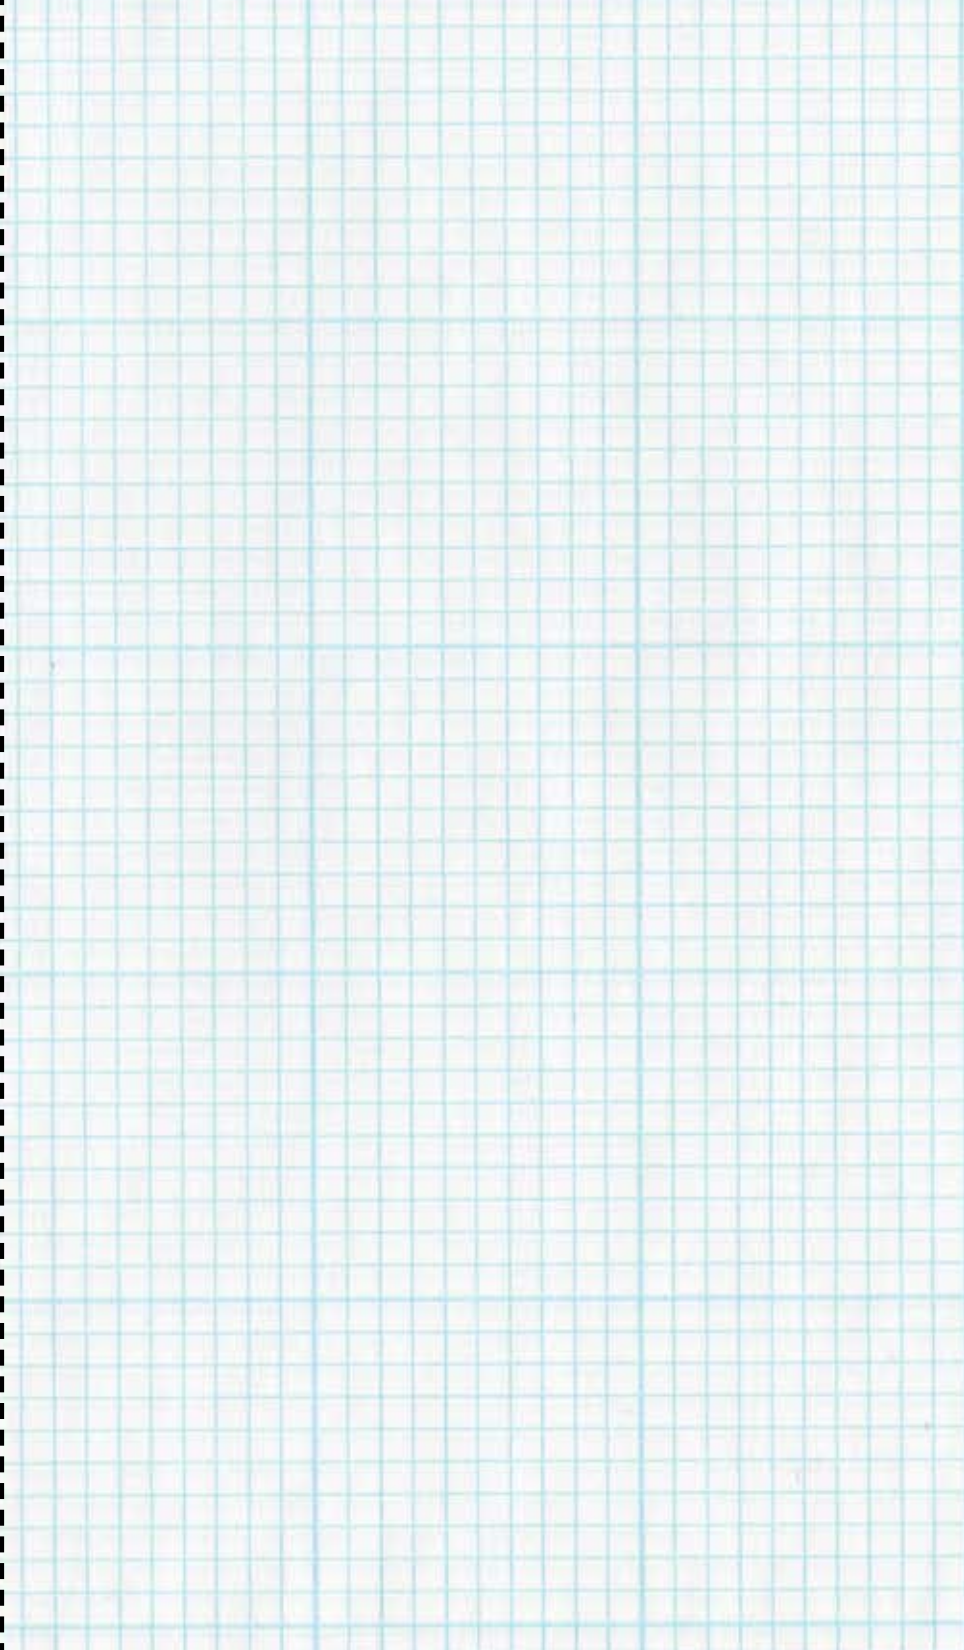

26
